

MODULAR ICE CUBE HEADS

The IMS Series solid ice cube maker with a vertically mounted evaporator are entirely made of stainless steel. They are characterized by their innovative, linear design and high reliability.

The ice is produced using a continuous stream of water which flows downwards and is uniformly distributed across a highly efficient vertical evaporator.

With their superior cooling performance and low production costs, solid square cubes offer the best solution for all situations where high ice consumption is needed.

10gm crystal clear hard ice cube

Quality ICE machine

Stainless steel body

Features

- ✓ Full stainless steel body
- ✓ Electronically controlled
- ✓ Technical support
- ✓ Machines from 150 kg available

IMS SERIES

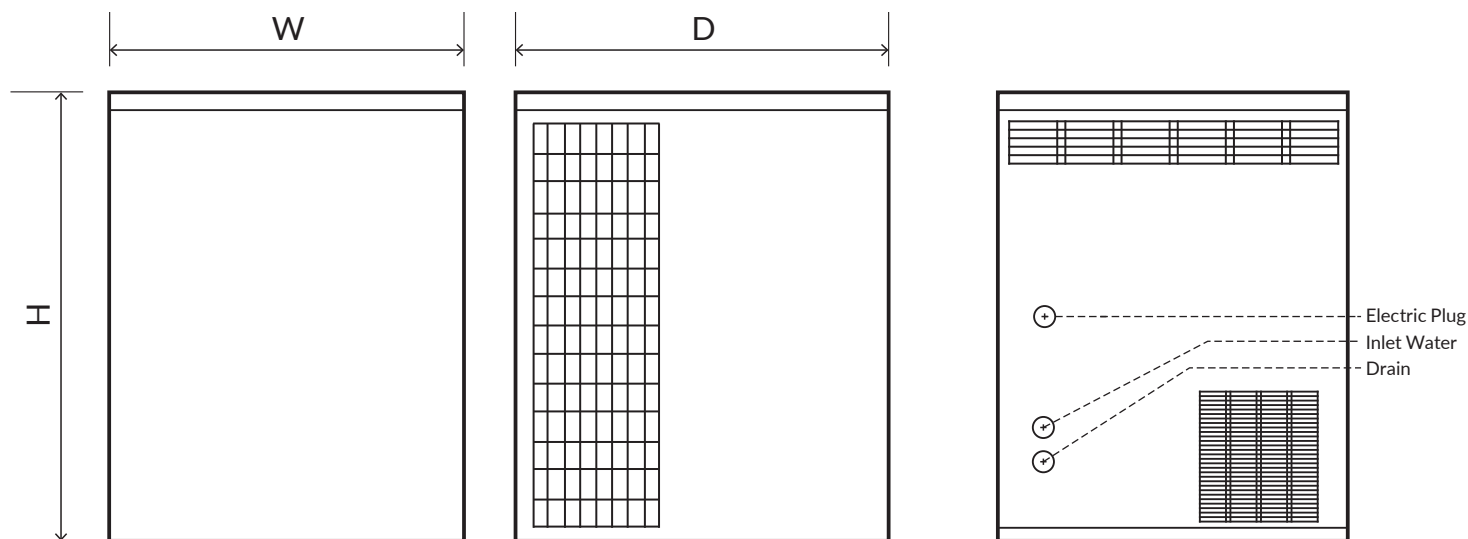

ICE CUBE HEADS

Product Information

IMS150, IMS220, IMS320, IMS400

IMS SERIES MODULAR

	IMS 150	IMS 220	IMS 320	EQ 400
Control System	E	E	E	E
Cooling System	A	A	A	A
Production in 24h (At 21° C Ambient & 10°C Water)	150 kg	220 kg	320 kg	400 kg
Voltage Standard	220-240 V~ 50 Hz(*)	220-240 V~ 50 Hz(*)	220-240 V~ 50 Hz(*)	220-240 V~ 50 Hz(*)
Power Consumption	850 W	1100 W	1100 W	2100 W
Type of Refrigerant	R 290	R 290	R 290	R 404 A

Product Specifications

Model	Production (per 24 hours)	Dimension (cm) (LxWxH)	Packed dimension	Net weight (KG)	Packed weight (KG)	Power (W)
Ims 150	150	56 x 60 x 58	75 x 66 x 62	53	65	765
Ims 220	220	76 x 61 x 57	83 x 70 x 75	66	80	1360
Ims 320	320	76 x 61 x 57	83 x 70 x 75	66	80	1680
Ims 400	400	76 x 61 x 75	83 x 70 x 90	85	94	2400
