

GRANULAR ICE FLAKER

EG SERIES SELF CONTAINED GRANULAR ICE FLAKE MACHINE: The self contained range of granular flake ice machines produce ice at a temperature of -0.5°C . The ice is already crushed and ready to be used. Ideal for quick refrigeration of bottles and cocktails and for display or transportation of fish, meat and vegetables. Also suitable for supermarkets, hospitals, bakeries and laboratories.

This range of ice makers produces between 100kg and 140kg each 24 hours, with a storage capacity of 15 - 60kg. All models come with stainless steel bodywork and have ice level and water level sensors.

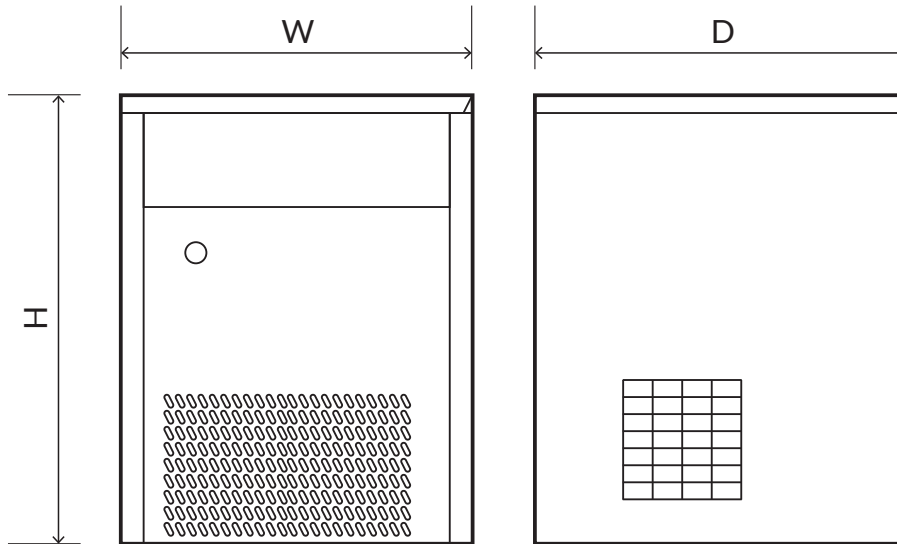

Features

- Stainless steel shell with rounded corners
- Vertical evaporator
- PLC controlled
- Technical support

- ✓ Granular Ice Flakes
- ✓ Made in Italy
- ✓ Models from 100 - 140kg
- ✓ Ideal for display, service, conservation and transportation of fish, meat and vegetables
